Attached are upcoming TWG meeting agendas in Word, WordPerfect and .html format. These will be posted on our web site by tomorrow (in the same formats).

The web site may be found at <http://130.118.161.89/amwg/amwg.html>
The passwords into the site have been deleted for the time being to allow easier access. Some of you have experienced problems in opening the files. We have shortened the file names to eight characters (plus the three-character extension), and that seems to have helped solve that problem.

The minutes from December 10-11 TWG meetings will be forwarded tomorrow. Reclamation has already sent the official TWG members updates of documents from that meeting (at the same time they sent out AMWG's materials for the January meeting), so you all should have the updated State of Resources, Report to Congress, etc., reports.
