WATER RIGHTS SALT LAKE

WATER RIGHT NO. 41-3479 (A30414d) APPLICANT: State of Utah Board of Water Resources

STATE OF UTAH
COUNTY OF

Daggett

1594 West North Temple, Ste 310
Salt Lake City, UT 84114-6201

D. Larry Anderson, being first duly sworn that he or she is the (agent of the) owner of the above number application; that the information given is true and correct to the best of his or her knowledge.

Describe briefly the type and extent of construction completed to date, and cause for delay.

This water right is the undeveloped and unperfected portion of Water Right No. 41-2963 (A30414) and pertains to the Ultimate Phase of the Central Utah Project. Since the facilities for this phase will not be built by the Bureau of Reclamation, the Bureau transferred this right to the Board of Water Resources in 1996. The Board intends to assign portions of this right to qualified applicants for development. These assignments will have reversionary clauses which will return the rights to the Board in the event the water is not developed by the assignee. To make the management of this program more manageable, it is requested the proof due date be extended to the end of the 50-year period.

Pursuant to Section 73-3-12, Utah Code Annotated 1953 (as amended), request is made for REINSTATEMENT and EXTENSION OF TIME for filing proof from

June 30, 1999 to October 6, 2009.
