Conditions : SAND HOLLOW RESERVOIR: Fishing is still good for small bass, but anglers have had a harder time finding the big fish. Bass are found in most habitats, from the rocky dikes to submerged brush. Recent sampling found lots of small bass as well as good numbers of larger fish up to four pounds. Anglers have reported catching fish up to six pounds. this year. Small bluegill are also abundant. Special regulations for bass: four bass under 10 inches and two over 20 inches. Public access to the reservoir is available only through the State Park.
