RE: Protest of Application to Appropriate Water A81080 (41-3747), Water Horse Resources, LLC (Aaron Million)

Dear Mr. Jones:

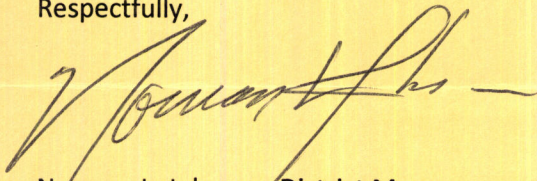

This protest letter is submitted by the San Juan County Water Conservancy District. We hold Water Right 09-462 which has a point of diversion in the Green River, near Green River Utah. The District also holds water Right 09-438 in the San Juan River a tributary of the Colorado River.

It is our opinion if Mr. Million is granted his request it will place in jeopardy our water Right interests. It would also seem the large quantity requested could seriously impact Utah's ability to meet their obligation to assist in the endangered fish recovery programs.

The District does not request a hearing on this matter but would like to be notified should one be held so that we could attend.

A \$15.00 protest fee is enclosed with this letter.

Respectfully,

Norman L. Johnson, District Manager  
San Juan County Water Conservancy District
