RE: New Application, 41-3747 (A81080)

To Whom It May Concern:

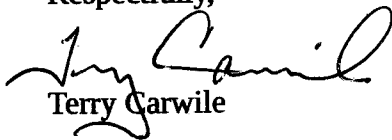

This letter is to notify you that I oppose and am protesting this filing for water rights on the Green River at Browns Park. I believe that it is inappropriate to divert water from the Colorado River Basin for use along the Front Range of Colorado for any purpose, especially for the purpose of fueling development.

As a long-time resident of Western Colorado, I believe that this is an attempt to make an "end run" around the stake-holders on the Western Slope who have a long history of strong opposition to these sorts of diversions.

Even though this application has been made in Utah, granting this water right will have a negative effect on water users in our region.

Enclosed, please find my check in the amount of \$15.00. Thank you

Respectfully,

  
Terry Carwile
